

## Teddy's Bare

My teddy bear is going bald,  
He looks just like my dad,  
My teddy bear is going bald  
it's very, very sad,  
My daddy says it's in the genes  
that bear takes after him,  
But bear just wears a waistcoat  
with bow-tie beneath his chin.

Spoken:

(that's all!)

(What? No trousers?)

(none at all)

My teddy bear is going bald,  
I really don't know why,  
He has no business worries  
and I've never seen him cry,  
He's always been a happy bear  
A cuddly friend to me,  
He hangs around my room all day,  
He's always there for tea.

Spoken:

(On time!)

He's never late?

(Never!)

My teddy bear is going bald,  
It really isn't fair,  
but Mum says it's quite fashionable  
to go without your hair.  
Just look at all those sportsmen  
with their heads that shine and glow,  
my Ted still is the smartest bear  
and I just love him so!

(give me a hug, Teddy)
